The Secret Garden Hamper Company

Secret Garden are delighted to present our first collection of beautiful Hampers.

Our business has had to change during the Covid 19 outbreak, throughout the summer we packed and delivered Picnic Hampers to all our local guests. We are extending this into a Postal Hamper range that is suitable all year round.

Many of the delicious goodies are handmade or sourced from local artisan producers. Our own Chefs bake fresh cakes and delights every day and we source exceptional high quality goods from small producers and suppliers throughout the South East of the England

All our hampers are beautifully presented and are of exceptional quality. We lovingly pack and carefully post knowing that on delivery our Hampers are highly enjoyed and leave a memorable impression.

So whatever the reason for sending a Secret Garden Hamper you are guaranteed to give a gift that will be remembered and very much appreciated.

This is our first collection and we will increase our offering as we grow. This range was put together in the autumn of 2020 as a result of us having to find other ways of supplementing the companies' income during the Corona virus outbreak. The lockdown rules have decreased our income by over 80% and to keep all our Team employed and to maintain our Venue we have launched this Hamper range.
